

Events News Letter – April/May 09

“Kingsfield Events” –The team led by Ronnie Bamberry has made a flying start to 2009 by gaining some very prestigious bookings including Corporate Incentive Travel Operator, “Hello Scotland”, together with bookings for many other events both on-site at Kingsfield Linlithgow and off-site at various locations throughout Scotland. Kingsfield events are always exploring opportunities to develop new and innovative entertainment packages involving our golf facilities in addition to our very popular laser clays, archery and falconry disciplines.

Kingsfield Events have just agreed a working relationship with 'Hello Scotland' (www.helloscotland.com) to provide a new 'Adventure Golf' themed activity for their Corporate Clients. This event package is based on golf but involves the inclusion of our SNAG golf themed activity and introducing elements of laser clays, archery targets etc.

This is already being heralded as new and dynamic corporate entertainment offering, incorporating a set of great fun games using Velcro covered balls and targets, Velcro suit and American Football Helmet and with a very Scottish twist of a Kilt and Velcro Sporran!

Great Fun is the essence of the day when participating in “Adventure Golf”. Clients are offered the opportunity to enjoy a whole new and alternative Golf themed activity by participating in up to six entirely original disciplines. As an example why not try “Stick With It” “Crossing Yer Balls” “Farmers Dash” and “Oak and Smoke”?

Participants are also provided with a lunch served in an unusual Clubhouse themed facility, prepared by catering Company “TLC”, and fit for Tiger Woods himself!

In order to encourage more business for local accommodation and tourism, we are also involved with MacDonald Hotels , Inchyra Grange Hotel in Polmont , and are now one of their preferred suppliers of outdoor activities. They are also encouraging their clients and customers to utilise our 4 Star Visit Scotland Activity Centre facilities at Kingsfield.

These two prominent national businesses have provide us with two excellent Testimonials :
